

USDOT MOTUS Operating Authority Data Dictionary

For FMCSA OA Datasets on USDOT's Open Data Portal

This document provides information pertaining to the data in multiple FMCSA datasets found on the Department of Transportation's Open Data Portal (<https://data.transportation.gov>). Information includes naming, scope, and update frequency, as well as data order and descriptions for each of the datasets.

Datasets Included in this Document

The following twelve datasets are covered in this document:

1. Motus Carrier
2. Motus Carrier– All With History
3. Motus Insur
4. Motus Insur– All With History
5. Motus AuthHist
6. Motus AuthHist– All With History
7. Motus BOC3
8. Motus BOC3– All With History
9. Motus InsHist
10. Motus InsHist– All With History
11. Motus RevokeSuspend
12. Motus RevokeSuspend – All With History

Dataset Naming Convention and Scope

The datasets included in this document follow a naming convention and associated data scope as such:

[*Dataset Name*] = “Daily Difference” dataset; includes records that have been updated or added since the previous run of the dataset. In some cases, the dataset will include all other records for the carrier/broker/freight forwarder in addition to the record updated/added. Finally, in some cases, the dataset will also include records associated with a carrier/broker/freight forwarder where an update occurred not to the specific data in the dataset, but the data is provided for completeness.

[*Dataset Name*] – All With History = “Full” or “Baseline” dataset; includes all records (including historical values where appropriate) as of the latest dataset update.

Dataset Update Frequency

All datasets in this document are targeted to be updated daily by 9:30AM US Eastern Time.

**Note: Cell Background in red means legacy data elements removed from Motus dataset;
Cell Background in green means new or changed data elements in Motus.**

Motus Dataset Name: “Motus Carrier” or “Motus Carrier– All With History”

Legacy Dataset Name: “Carrier” or “Carrier-All With History”

Records for all carriers/brokers/freight forwarders with active, inactive, or pending authorities (common or contract). It includes the DOT number and docket number for the carrier/broker/freight forwarder, along with entity census, authority, and insurance data (e.g., types of authority, address, types of insurance on file, and amounts of insurance on file).

Note: DOCKET_NUMBER and DOT_NUMBER can have duplicates in this file, since this file will show each OA per Docket Number and a single USDOT number can have multiple docket numbers. Also, the legacy registration system allowed multiple OAs per docket number, while Motus will assign a unique docket number to each OA and allows multiple OAs per USDOT number.

Legacy Data Elements	Motus Data Elements	Data Elements Definition
DOCKET_NUMBER	DOCKET_NUMBER	Unique FMCSA alpha-numeric identifying for-hire motor carriers (MC0000000000, FF0000000000, MX0000000000)
DOT_NUMBER	USDOT_NUMBER	Official FMCSA registration number for all interstate motor carriers
RFC_NUMBER	RFC_NUMBER	Mexican Government registration code for Mexican carriers
	OP_AUTH_TYPE	Operating Authority Type
	OP_AUTH_STATUS	Operating Authority Status
MIN_COV_AMOUNT	MIN_COV_AMOUNT	Amount of BI&PD insurance required (in thousands)
CARGO_REQ	CARGO_REQ	Y = Yes N = No
BOND_REQ	BOND_REQ	Y = Yes N = No
BIPD_FILE	BIPD_FILE	Amount of BI&PD insurance on file (in thousands)
CARGO_FILE	CARGO_FILE	Y = Yes N = No

Legacy Data Elements	Motus Data Elements	Data Elements Definition
BOND_FILE	BOND_FILE	Y = Yes N = No
UNDELIVERABLE_MAIL	BUS_UNDELIVERABLE_MAIL	Y = Deliverable N = Undeliverable - Mail was returned "undeliverable" form USPS
	MAIL_UNDELIVERABLE_MAIL	Y = Deliverable N = Undeliverable - Mail was returned "undeliverable" form USPS
DBA_NAME	DBA_NAME	"Doing Business As" Name. Can be more than one DBA name
LEGAL_NAME	LEGAL_NAME	Company Legal Name
BUS_STREET_PO	BUS_STREET_PO	Company Business Address
BUS_COLONIA	BUS_COLONIA	Company Business Address
BUS_CITY	BUS_CITY	Company Business Address
BUS_STATE_CODE	BUS_STATE_CODE	Company Business Address
BUS_CTRY_CODE	BUS_CTRY_CODE	Company Business Address
BUS_ZIP_CODE	BUS_ZIP_CODE	Company Business Address
BUS_TELNO	BUS_TELNO	Company Business Telephone Number
MAIL_STREET_PO	MAIL_STREET_PO	Company Mailing Address
MAIL_COLONIA	MAIL_COLONIA	Company Mailing Address
MAIL_CITY	MAIL_CITY	Company Mailing Address
MAIL_STATE_CODE	MAIL_STATE_CODE	Company Mailing Address
MAIL_CTRY_CODE	MAIL_CTRY_CODE	Company Mailing Address
MAIL_ZIP_CODE	MAIL_ZIP_CODE	Company Mailing Address
Note: The following data elements are no longer in Motus datasets.		
MX_TYPE	N/A	FMCSA character distinguishing Mexican carriers X = OP-1 (Operate throughout US) Z = OP-2 (Operate in Commercial Zones only)
COMMON_STAT	N/A	A = Holds Active Authority I = Inactive Authority N = No Authority

Legacy Data Elements	Motus Data Elements	Data Elements Definition
CONTRACT_STAT	N/A	A = Holds Active Authority I = Inactive Authority N = No Authority
BROKER_STAT	N/A	A = Holds Active Authority I = Inactive Authority N = No Authority
COMMON_APP_PEND	N/A	Y = Application Pending N = No Application Pending
CONTRACT_APP_PEND	N/A	Y = Application Pending N = No Application Pending
BROKER_APP_PEND	N/A	Y = Application Pending N = No Application Pending
COMMON_REV_PEND	N/A	Y = In Revocation N = Not in Revocation
CONTRACT_REV_PEND	N/A	Y = In Revocation N = Not in Revocation
BROKER_REV_PEND	N/A	Y = In Revocation N = Not in Revocation
PROPERTY_CHK	N/A	Y = Yes N = No
PASSENGER_CHK	N/A	Y = Yes N = No
HHG_CHK	N/A	Y = Yes N = No
PRIVATE_AUTH_CHK	N/A	Y = Yes N = No
ENTERPRISE_CHK	N/A	Y = Yes N = No
BUS_FAX	N/A	Company Business Fax
MAIL_TELNO	N/A	Company Mailing Telephone Number
MAIL_FAX	N/A	Company Mailing Fax

Motus Dataset Name: “Motus Insur” or “Motus Insur– All With History”

Legacy Dataset Name: “Insur” or “Insur-All With History”

Records for carrier/broker/freight forwarder active or pending individual insurance policies. The records are linked to the entities by docket numbers included in the dataset. The dataset contains information on the insurance policy, including insurance company name, policy number and type of insurance. Entities can hold multiple insurance policies, so there may be multiple records associated with a particular entity.

Note: The “Insur” dataset (“daily difference”) will provide insurance policy removals as “blank” records (i.e., other than docket number, the record will show all empty or “00000” values).

Note: DOCKET_NUMBER and USDOT_NUMBER can have duplicates in this file, since this file will show each active or pending insurance filed on the OA, which could change multiple times. Also, only "Active" and "Pending" Insurance should be included in this table.

Legacy Data Element	Motus Data Element	Data Element Definition
docket_number	DOCKET_NUMBER	Unique FMCSA alpha-numeric identifying for-hire motor carriers (MC0000000000, FF0000000000, MX0000000000)
	USDOT_NUMBER	Official FMCSA registration number for all interstate motor carriers
form_code	INS_FORM_CODE	34 = Cargo 82 = BI&PD 83 = Cargo 84 = Property Broker’s Surety Bond 85 = Property Broker’s Trust Fund Agreement 91, 91X = BI&PD, BI&PD/Primary, BI&PD/Excess
ins_type_code	INS_TYPE_CODE	1 = BI&PD 2 = Cargo 3 = Bond 4 = Trust Fund
ins_class_code	INS_CLASS_CODE	P = Primary E = Excess 1 = Full Security Limits Under Section 1043.2(b)(1) 2 = Full Security Limits Under Section 1043.2(b)(2)

Legacy Data Element	Motus Data Element	Data Element Definition
max_cov_amount	MAX_COV_AMOUNT	BI&PD Maximum Dollar Limit (company shall not be liable for amounts in excess of). Amount (in thousands)
underl_lim_amount	UNDERL_LIM_AMOUNT	BI&PD Underlying Dollar Limit. Amount (in thousands)
policy_no	POLICY_NO	Insurance policy specific identifier
effective_date	EFFECTIVE_DATE	Effective date of the policy
name_company	INSURANCE_COMPANY_NAME	Insurance company name for policy (note: policy may be administered by a company branch with a different name)
	TRANS_DATE	Date FMCSA received the policy

Note: For Insurance Type 1 (#3), the insurance amounts are provided in #4 and #5. For Insurance Types 2, 3, and 4, the amounts displayed in #5 and #6 will be 0, as they are not BI&PD policies.

Motus Dataset Name: “Motus AuthHist” or “Motus AuthHist– All With History”

Legacy Dataset Name: “AuthHist” or “AuthHist-All With History”

Records showing the history of each authority granted to a carrier/broker/freight forwarder, along with the dates of the original authority action (e.g., “Active”) and the final authority action (e.g., “Inactive”). The dataset contains the USDOT number and docket number of the entity that holds or held the authority. As there can be multiple authorities for a single entity, there may be multiple records for an entity.

Note: DOCKET_NUMBER and USDOT_NUMBER can have duplicates in this file, since this file will show each historical change per OA and there can be multiple OAs per Docket Number and USDOT Number.

Legacy Data Elements	Motus Data Elements	Motus Data Definition
DOCKET_NUMBER	DOCKET_NUMBER	Unique FMCSA alpha-numeric identifying for-hire motor carriers
DOT_NUMBER	USDOT_NUMBER	Official FMCSA registration number for all interstate motor carriers
OP_AUTH_TYPE	OP_AUTH_TYPE	Operating Authority Type
	OP_AUTH_STATUS	Operating Authority Status
	REASON	Operating Authority Status Change Reason
	STATUS_CHANGE_DATE	Date Operating Authority changed. (YYYYMMDD)

Note: The following data elements are no longer in Motus datasets.

ORIGINAL_ACTION_DESC		Starting authority action, become OP_AUTH_TYPE in Motus
DISP_ACTION_DESC		Final authority action, become OP_AUTH_TYPE in Motus
ORIG_SERVED_DATE		Date starting authority action executed
DISP_DECIDED_DATE		Date final authority action determined
DISP_SERVED_DATE		Date final authority action became effective

Legacy Data Elements	Motus Data Elements	Motus Data Definition
SUB_NUMBER		Action sequence number; not commonly used

Motus Dataset Name: “Motus BOC3” or “Motus BOC3– All With History”

Legacy Dataset Name: “BOC3” or “BOC3-All With History”

This dataset contains records for each Blanket Company (BOC-3 agent) hired by a carrier/broker/freight forwarder. Each entity must hire a BOC-3 agent to represent them in legal matters to obtain operating authority. In some cases, entities may act as their own BOC-3 agent. The records in the dataset contain the BOC-3 agent’s name and address. The dataset also contains the USDOT number and Docket number of the represented entity.

Note: DOCKET_NUMBER and USDOT_NUMBER can have duplicates in this file, since this file will show each blanket company assigned to each OA, and a USDOT and docket number can have multiple OAs.

Legacy Data Elements	Motus Data Elements	Motus Data Definition
docket_number	DOCKET_NUMBER	Unique FMCSA alpha-numeric identifying for-hire motor carriers (MC0000000000, FF0000000000, MX0000000000)
dot_number	USDOT_NUMBER	Official FMCSA registration number for all interstate motor carriers.
co_name	CO_NAME	Name of the Blanket Company that is hired by the business receiving the Operating Authority.
street_po	STREET_PO	Blanket Company address
city	CITY	Blanket Company address
state_code	STATE_CODE	Blanket Company address
zip-code	ZIP_CODE	Blanket Company address
ctry_code	CTRY_CODE	Blanket Company address

Note: The following data elements are no longer in Motus datasets.

attn_to_or_title		Name of the representative at the Blanket Company.
------------------	--	--

Motus Dataset Name: “Motus InsHist” or “Motus InsHist– All With History”
Legacy Dataset Name: “InsHist” or “InsHist-All With History”

This dataset contains information on a carrier’s/broker’s/freight forwarder’s previous insurance policy(ies). This dataset contains the DOT number and docket number of the entity. Additionally, it contains the cancellation method (cancelled, replaced, name change, transferred), the type of policy, the policy number, and the effective and cancellation dates of the policy.

Important Note: all insurance information is related to the insurance policy either being cancelled, being replaced, or prior to a name change. It is **not** the subsequent (if applicable) policy.

Note: DOCKET_NUMBER and USDOT_NUMBER can have duplicates in this file, since this file will show each active or pending insurance filed on the OA, which could change multiple times.

Legacy Data Element	Motus Data Element	Motus Data Definition
docket_number	DOCKET_NUMBER	Unique FMCSA alpha-numeric identifying for-hire motor carriers (MC0000000000, FF0000000000, MX0000000000)
dot_number	USDOT_NUMBER	Official FMCSA registration number for all interstate motor carriers
ins_form_code	INS_FORM_CODE	34 = Cargo 82 = BI&PD 83 = Cargo 84 = Property Broker’s Surety Bond 85 = Property Broker’s Trust Fund Agreement 91, 91X = BI&PD, BI&PD/Primary, BI&PD/Excess
cancl_method_gen	FILING_STATUS_REASON	The status reason can be: “cancelled”, “replaced”, “name change”, or “transferred”
ins_cancl_form	INS_TYPE_CODE	1 = BI&PD 2 = Cargo 3 = Bond 4 = Trust Fund
ins_type_ind	INS_TYPE_IND	“ ” = BIPD “*” = Not BIPD (Cargo, Surety, or Trust Fund)
ins_type_desc	INS_TYPE_DESC	Description of insurance form/class
policy_no	POLICY_NO	Insurance policy specific identifier

Legacy Data Element	Motus Data Element	Motus Data Definition
min_cov_amount	MIN_COV_AMOUNT	The minimum insurance amount required for the entity (carrier, broker, etc.), in thousands
ins_class_code	INS_CLASS_CODE	For BI&PD form codes; indicates whether the insurance policy is primary ("P") or excess ("E")
effective_date	EFFECTIVE_DATE	Effective date of the insurance policy
underl_lim_amount	UNDERL_LIM_AMOUNT	BI&PD Underlying Dollar Limit. When the insurance class code is "E", the underlying limit amount is the value of the primary insurance
max_cov_amount	MAX_COV_AMOUNT	The maximum dollar amount covered by the insurance policy (in thousands)
cancl_effective_date	CANCL_EFFECTIVE_DATE	Date the policy is effectively cancelled
name_company	INSURANCE_COMPANY_NAME	Insurance company name
Note: The following data elements are no longer in Motus datasets.		
cancl_method		Duplicated to "Cancellation_Method_gen" (#4) TERM/CANCL: cancellation was executed by FMCSA Term/REPL: replacement was executed by a new policy submission
Insurance Company Branch		Insurance company branch number

Note: For Form Codes 91, 91X, and 82 (#3), the insurance amounts are contained in #12 and #13. For Form Codes 34, 83, 84, and 85, the amounts displayed in #12 and #13 will be 0, as they are not BI&PD policies.

Motus Dataset Name: “Motus RevokeSuspend” or “Motus RevokeSuspend – All With History”

Legacy Dataset Name: “Revocation” or “Revocation- All With History”

Information on carrier/broker/freight forwarder authorities that have been suspended or revoked by FMCSA. The dataset includes the DOT number and docket number of the entity, the type of authority suspension/revocation, and the reason.

Note: DOCKET_NUMBER and USDOT_NUMBER can have duplicates in this file, since this file will show each suspension/revocation that occurred per OA, which could change multiple times.

Legacy Data Elements	Motus Data Element	Motus Data Definition
DOCKET_NUMBER	DOCKET_NUMBER	Unique FMCSA alpha-numeric identifying for-hire motor carriers (MC0000000000, FF0000000000, MX0000000000)
DOT_NUMBER	USDOT_NUMBER	Official FMCSA registration number for all interstate motor carriers
TYPE_LICENSE	OP_AUTH_TYPE	Operating Authority Type
ORDER1_SERVE_DATE	ORDER1_SERVE_DATE	Date the Suspension/Revocation is served (YYYYMMDD)
ORDER1_TYPE_DESC	ORDER1_TYPE_DESC	The type of Suspension/Revocation action
order1_effective_Date	ORDER1_EFFECTIVE_DATE	Date the suspension/revocation is effective
